

Beable System Requirements

Updated 5/28/2025

Supported Browsers

We support the browsers listed below. For the best experience we recommend using Chrome. For optimal experience on mobile devices, students should use landscape mode.

Google Chrome - latest version	Mozilla Firefox - latest version
Microsoft Edge – latest version	Apple Safari - latest version on Mac devices

Operating System Requirements

Windows 10 or later Mac OS 10.15 or later Chromebook OS latest version

Additional Requirements

- Web browsers must have cookies enabled
- JavaScript must be enabled
- Prior to your implementation, please visit <https://access.beable.com/> from a computer on your district network to ensure that all components load properly. If anything does not load successfully, feel free to contact us to troubleshoot.

Web Filtering

Locations that use a web filtering device, service, or other domain blocking mechanism should allow access to the following domains. It is advised that access to websites through filters should not be allowed based on keyword alone.

Whitelisting (Required)

*.beable.com	*.bugsnag.com	https://fonts.googleapis.com	*.cumul.io
*.learnosity.com	lounge.beableprep.com	*.google-analytics.com	https://fonts.gstatic.com
*.googleapis.com	*.alludolearning.com	*.hopx.cedexis.com	
*.beableprep.com	*.userpilot.io	prod-beableprep-pundit-stage.s3.us-east-2.amazonaws.com	

Part of our process for maintaining contact with teachers using Beable is to send product announcements and offer implementation support. We send emails via the email addresses: success@beable.com, info@beable.com, noreply@beable.com, and support@beable.com. Please ensure that your email service whitelists the domains beable.com and beableeducation.com for all email.
